

INSTRUCTIONS

Materials needed: Wire Ties (provided)
Wire Cutters

Estimated Install time: 30 minutes

1. Start by opening your hood and propping your hood up.
2. Take your front end off by gently pulling the grill shell out.
3. Place the mesh grill on top of the existing grill.
4. Starting on one top corner, run a cable tie tail from the back of the existing grill and also through the mesh grill.
5. Push the cable tie tail through an adjacent diamond (above or below) so that the cable tie will secure around one mesh diamond and on one stock grill horizontal bar.
6. Fasten the cable tie securely.
7. Repeat for the other side, and then apply some to the bottom and the center areas.
8. Trim the cable tie ends.
9. Push the grill back in place.
